Coming from a different school, we appreciate that the special areas, such as phy. ed., music and art, are taught outside the regular education classroom by teachers specifically certified in these areas. Our children are really enjoying having access to the additional experiences. Switching to ELG was . . .

THE BEST MOVE WE EVER MADE! - Bradd Winter

"The kids and staff love being here—kids are hardly ever absent and neither is the staff—there are new things going on every day and no one wants to miss anything." - *MK Whyte (Art Instructor)*

"We were really upset and mad about leaving our former school, but now we're very glad we did. It didn't take long to feel at home here and we really enjoy coming to school. ELG is awesome!"

- *Megan (Grade 9) and Riley (Grade 6)*

"What really impressed me was the extra help given to Megan to enable her be successful academically. Not only did the staff recognize extra help was needed, they knew specifically what help to give her. Megan has become much more confident as a student. The entire school community has been very welcoming – teachers, students, parents and administration." - *Shannon Winter*
